A meaningful
life

The core idea behind the development Lugar, revolves around a unique viewpoint. It goes beyond the notion of a place to live but instead focuses on a meaningful life.

Rather than seeking attention, our emphasis lies on fully experiencing everything.

We prioritize making a positive impact and creating a significant difference rather than making empty declarations. Our attention is not on being noticed

momentarily, but on leaving a lasting impression and being remembered for the life you choose to lead.

Immersive Outdoor Living Experience

Lugar is conceptualized to embody a sustainable approach to design

This acre development combines apartments and villas, with only 60% of the land footprint utilized, ensuring a truly immersive outdoor experience. The absence of crossroads preserves the
