About

ALJAR

DEVELOPMENTS

Distinction isn't just seen - it's felt. This principle guides every AlJar project. Since our foundation in 1999 under the name Bunyan, we have emerged as one of Egypt's leading real estate visionaries. Our success is built on the strength of a skilled engineering team, strategic partnerships, and a commitment to delivering exceptional quality, unmatched satisfaction, and innovative designs in prime locations.

Following these principles, AlJar has elevated the living standards of residents across Cairo and Alexandria. Our landmark projects include:
-Valore Smouha, Valore Maamoura and Muruj Green City in Alex;
-Valore Sheraton, Valore El-Thawra and AlJar Sheraton in Cairo.
